Beautiful old Masia with restaurant in Romanyà de la Selva, perfect for a hotel and restaurant.

1.575.000 €

Situated in the historic village of Romanyà de la Selva, 15 minutes from Playa de Aro and 20 minutes from Girona, this traditional building is located overlooking rolling hills and mountain views. The restaurant is currently in working order and would generate an immediate income. The masia, with 1350m², has been vacant for several years, but is perfectly suited to be converted into a rural deluxe boutique style hotel, or into 15 tourist apartments, games room, offices and bodega. There is also an adjoining 3 bedroom duplex for those wishing to live onsite and run the business. Plenty of parking also available.
