

Apartment - Platja d'Aro

ref. CBF4447

Brand new apartments in Platja d'Aro

1.325.000 €

We currently have an apartment available that is on the ground floor with 3 bedrooms and 2 bathrooms with an interior built area of 156 m². It also has a 200 m² garden, 2 outdoor parking spaces and private access to the garden / apartment (no need to enter the car park). It is available in left block (if we look from the sea). The price is 1,325,000 euros + taxes. We also have 4 apartments (2 in each block) available on the first floor. They have panoramic views of the sea and the city. We have already concreted the slab and that is why you can go up on site to see the final views. They are 163 m² (sup.constr.interior) and have a large terrace. In project they are 3 bedrooms and 2 bathrooms but it is possible to make 4 bedrooms. The price is 1,380,000 euros + taxes (with 2 parking spaces in the underground car park included). Taking into account the stepped facade, they are really penthouses (they have nothing on top - the second floor terrace is not on top). For the best new promotions for sale in Platja d'Aro, contact Costa Brava Fincas.
