Great rustic Catalan style house with stunning sea views

Great rustic Catalan style house on the Costa Brava coast, with stunning sea views and only 400 meters from the beach. It is located 4 kilometers from the village of Palamós, 15 kilometers from the village of Playa de Aro and 125 kilometers from Barcelona.

Along Costa Brava's 200 km coast you will find a whole range of typical Mediterranean villages with a valuable historical patrimony, natural richness, beaches and typical coves. The maritime village of Palamós is the main capital for fishing, since it has the most important fishing port in the province of Girona, where the fishing tradition dates back centuries.

The house offers a panoramic view of the Mediterranean Sea and is totally independent, private and surrounded by a large garden with a great 13 meter swimming pool.

Completely furnished, all rooms are decorated in the traditional Mediterranean style in harmony with the architecture of the house. Due to its excellent location silence and relaxation are guaranteed.
